

SUMMER 2023

Discover the flavors that have captivated taste buds for generations.

Our history in Newton, Iowa, dates to 1941 when Maytag Dairy Farms became an early farmstead cheese producer in the United States.

We take pride in using locally sourced milk which contributes to a distinctive and complex blue cheese—an iconic symbol of American artisanal cheesemaking. We adhere to time-honored techniques, such as hand-turning and packaging each wheel of cheese in our distinctive foil; preserving, and perfecting the traditional methods of crafting artisanal blue cheese. Our signature blue cheese is a result of unwavering commitment to quality and craftsmanship.

Beyond our legendary Maytag Blue Cheese, our catalog showcases a variety of traditional cheeses with flavor profiles that range from creamy Havarti to sharp English-Style Cheddar, premium dry-cured meats and hot sauces made by Iowa companies, and sweet and savory hand-crafted jellies and preserves curated from small, artisanal producers.

Whether you are an avid cheese enthusiast, a culinary professional, or someone simply seeking to elevate your cheese board, we invite you to savor the artistry of our cheese and create memorable moments around your table with our exceptional offerings.
